Pursuing luxury to that extent is nothing more than corruption and complete depravity. I won't seek happiness from anyone anymore.

In reality, everyone felt it happening, but nobody was able to stop themselves.

Perhaps we've already crossed a line that no living being should ever cross.

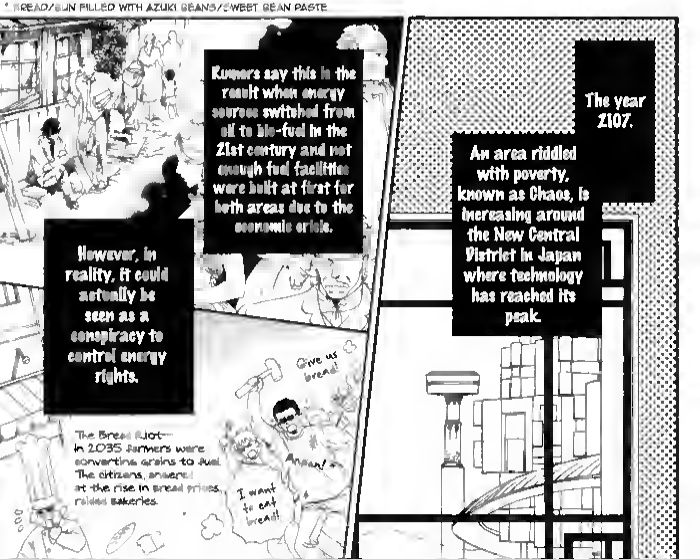
* BREAD/BUN FILLED WITH AZUKI BEANS/SWEET BEAN PASTE



The year 2107.
An area riddled with poverty, known as Chaos, is increasing around the New Central District in Japan where technology has reached its peak.
Rumors say this is the result when energy sources switched from oil to bio-fuel in the 21st century and not enough fuel facilities were built at first for both areas due to the economic crisis.
However, in reality, it could actually be seen as a conspiracy to control energy rights.
The Bread Riot— In 2035 farmers were converting grains to fuel. The citizens, angered at the rise in bread prices, raided bakeries.
Give us bread!
Arrgh!
I want to eat bread!

"So I won't run into problems when you're gone,"
was what he said as he started to build a robot that looks exactly like me.
When he said that, it felt like he was telling me that was all I was worth and it made me sad.

HUH?
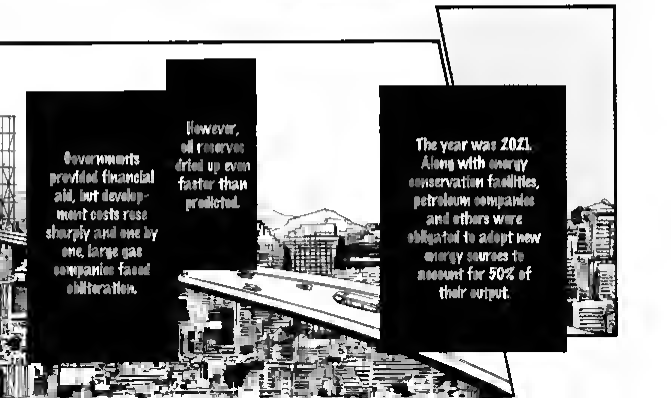
I HEAR THAT TSURUOKA THE LEADER OF THE MAJORITY PARTY MOVED THE MOTION
TSURUOKA HAS BEEN RECEIVING "DONATIONS" FROM PACIFIC ELECTRIC.
WHAT'S MORE HE HAS CONNECTIONS TO GENERAL SHIROSAKI
HOW COULD OUR FUNDING HAVE BEEN REVOKED?

THOUGH IT WAS NEVER PROVEN
SHIDOSAKI WAS THE MASTERMIND BEHIND THE BOMBING OF THE NATIONAL CAPITAL RESEARCH LABORATORY 12 YEARS AGO.
YOU KNOW ABOUT IT, RIGHT? IT WAS THE LABORATORY WHERE GINKAKU WORKED
!



The year was 2021. Along with energy conservation facilities, petroleum companies and others were obligated to adopt new energy sources to account for 90% of their output.
However, oil reserves dried up even faster than predicted.
Governments provided financial aid, but development costs rose sharply and one by one, large gas companies faced obliteration.

At the time, in addition to the high cost of crude oil, bioethanol, an alternate fuel that utilized refuse, was tied to the high cost of food resources.
The lives of the citizens became more and more miserable.
Afterwards, advanced countries moved towards an era of hydrogen energy derived from synthetic light generation.
but the rate of supply still couldn't meet the demands of human society.
THE ROMANS BUT WHY?
WHY DID THEY HAVE TO GO THAT FAR?
FOR MONEY THEY WANT TO OBTAIN THE CONCESSION RIGHTS TO ALL OF THAT ENERGY
GRIP
THAT'S SO...

WE'RE GOING TO RUN OUT OF MONEY EVENTUALLY. WHAT WILL WE DO THEN?

IF WE CAN'T RESCUE CHAOS WITH OUR RESEARCH, THEN IT WILL ALL HAVE BEEN FOR NOTHING.
AND WE WERE SO CLOSE TO TURNING WHAT DR. GINKAKU STARTED INTO REALITY
HE O RE SO DISAP-POINTED.
WELL, MAYBE-
BUT WE RE NOT THROUGH YET!

I GUESS...
I WANT TO TALK TO THE DOCTOR
I WANT TO SEE HIM

"AT LONG LAST! WE'LL REVIVE THE YOSHINO CHERRY TREE THAT NO LONGER BLOOMS!"
"I'VE GOT IT! WHEN YOU THINK ABOUT JAPAN, YOU THINK ABOUT SAKURA!"
ROKU-ONJI?
OH! THAT'S BECAUSE OF DR. ROKUON-JI!
ARE YOU OKAY WITH THIS, KAYA-NOYA-KUN?
REAL SAKURA ARE MOUN-TAIN SAKURA
HE'S UNBE-LIEVABLE FOR USING SUCH A SHOWY CULTIVATED PLANT
WHEN I DIE, HE SHOULD PLANT MOUNTAIN SAKURA!
WHEN YOU DIE, PLANT MOUN-TAIN SAKURA. SUD-DENLY YOU'RE MOTOORI NORI-NAGA?"
PLEASE STOP. I DON'T WANT TO TALK ABOUT DEATH. EVEN IF IT'S ONLY A JOKE

*KEISAKU, JAPANESE SCHOLAR OF KOKUGAKU PHILOSOPHY ACTIVE DURING THE EDO PERIOD

It looks like Dr. Ginkaku's return to the City Planning Team remains a dream.
SO THAT'S WHY AS I'M SURE EVERYONE KNOWS PRE-URBAN RESEARCH HEAD GINKAKU WILL BE JOINING THE TEAM
He's young
I THOUGHT HE WAS JUST AN URBAN LEGEND
Whisper

IT'S THE DR GINKAKU
NO WAY! HE ACTUALLY EXISTS
HE'S A PAIN IN THE ASS BUT I EXPECT HE'LL MAKE HIMSELF USEFUL SOMEHOW
YOUR THESIS ON THE DIAMOND HALF-CONDUCTOR WAS EXTREMELY VALUABLE TO OUR RESEARCH

Doctor
IT'S LIKE HE'S ALREADY DEAD IN THE EYES OF THE WORLD

OR GINKAKU DIDN'T MEAN ANYTHING BY IT!

THAT S..

WELL. THAT TAKES THE BURDEN OFF MY SHOULDERS
CLAP
CLAP
FROM NOW ON, GINKAKU WILL BE MOVING FORWARD WITH THE PROJECT AS OUR LEADER.
WHAT?! DOES THAT MEAN YOU'RE QUITTING?
OR ROKUONJI
OH. WELL. LAB RESEARCH WAS NEVER REALLY MY THING
AND BESIDES, THERE'S TALK OF THE RETURN OF THE ELITE POLICE
AREN'T YOU WORRIED ABOUT WHAT SHIROGAKI AND HIS GANG ARE UP TO?
The elite police: in the past they were the organization in charge of public safety and deterred terrorists and subversive acts.

You know that!
Upon the establishment of the Urban Research Center, Dr. Rokumji left the research to Dr. Ginkaku and chose to actively fight the saboteurs.
IT'S SOMETHING EVERYONE FINDS HARD TO DO
NO ONE SAID ANYTHING ABOUT BEING THE LEADER
HEY! I JOINED TO BE KAYANOYA-KUN'S ASSISTANT!
THAT'S SO...
It's probably a natural progression that the reinstatement of the elite policemen would coincide with the return of Dr. Ginkaku.
AKI
I THINK IT WOULD BE BEST TO HAVE DR. GINKAKU AS OUR LEADER, TOO.

KAYANOYA-KUN, DON'T YOU WANT ME AS YOUR ASSISTANT?
ANYTHING IS FINE AS LONG AS I'M WITH YOU
Wait
AH! I'LL SHOW MY FACE FROM TIME TO TIME SO I'LL LEAVE EVERYTHING TO YOU GUYS.
How annoying
...

Once again, Dr.Shikaku took on the position of project leader.
OUR WORK WILL BE MEANINGLESS WITHOUT THE MOST EFFECTIVE SUPPLY SYSTEM
WE MUST SET UP LABORATORIES IN FOUR DIFFERENT PLACES TO OBSERVE THE IMPACT ON THE ENVIRONMENT
HOW WILL WE POWER THE LABORATORIES?
The organic electricity project surrounds farms with artificial plants. It stretches between Chaos and the Chuo New District and will convert power generated by photosynthesis into electricity.
It's exactly because of this that the Doctor started the project 10 years ago.
GO AROUND CHAOS
TRY ESTIMATES BASED ON THE CONNECTIONS TO THE BANK TRANSFORMER SUBSTATIONS
THEN I'LL START SIMULATIONS NOW

KAYANOYA-KUN COME WITH ME TO INVESTIGATE THE SAKURA WITH FALLING CONVERSION RATES
RIGHT!
The Doctor solves various problems for us.
SCRAPE

ARE YOU ALL RIGHT?

After that, General Shirosaki was served court-martial papers on the basis of the communication records.

It's hard to say whether it will accomplish anything.
EVEN SO...
What is right changes every day.
The ultimate good is for the future to decide.

LET'S GO, KAZ-NOY-KUN.
LET'S PAY THE WAGES OF THE FOLLY OF MANKIND TOGETHER.
END

Afterword

Thank you for reading until the end of this tankobon from June-Net. It took 2 years to get from serialization to tankobon format. Furthermore, it will be included in the Piasu (Pierce) series, so there'll probably be less erotic stuff. I wonder if that will be all right, but perhaps I'm a little harsh on those who find erotica hard to swallow. I do apologize (well, that Pet Robo was a little...). At any rate this is a comedy so I'd be very happy if it made you laugh even a little. "The Doctor's an idiot. What a jackass." — I would be in utter bliss if you had such thoughts while reading this book.

Thank you so much for picking this story up.

I'd be happy to know what you thought of it.
